ABOUT FACULTY OF FASHION AND DESIGN

The Faculty of Fashion and Design offers programs and courses in the fields of fashion design, textiles, apparel production, fashion marketing, and related areas. The curriculum typically includes both theoretical and practical components, and students may have the opportunity to participate in hands-on projects and internships to gain real-world experience. The goal of the faculty is to provide students with the knowledge, skills, and creativity they need to succeed in the fashion industry.

WHY FACULTY OF FASHION AND DESIGN?

Fashion and design can be a fulfilling and rewarding career for those who are creative, have an eye for aesthetics, and enjoy problem-solving and innovation. It offers opportunities for personal expression and the chance to impact people's lives through their clothing, accessories, and home décor. A career in fashion and design also offers the potential for personal and professional growth, as there is always something new to learn and explore in the constantly evolving industry. Additionally, for those with a passion for fashion and design, the opportunity to turn their creative vision into a career is truly a dream come true.

INDUSTRY LINKAGES

Silk Mark
